PRACTICAL EXPERIENCE

freelance Developer/Designer

January 2024 – Present

- Designed and deployed logos and websites for individuals and businesses.
- Created a NextJS app for POS machines for the "Quittance de la Ville de Likasi" service in the Democratic Republic of Congo, enhancing efficiency and usability.
- Built and maintained responsive, user-friendly websites tailored to client needs.

Student Projects

Skill Up ZA: Designed and developed a website for learning and job opportunities aimed at empowering students. Live demo: [Skill Up ZA](#).

- Utilized NextJS to create a seamless, scalable platform.
- Focused on clean design and accessibility for users.

MetaWay SA: Designed and developed a mobile app aimed at educating South African artists on cryptocurrency, bridging the gap between art and digital finance.

GitHub Repo: [MetaWay SA](#)

EDUCATION

C.S La Ribambelle

Matric in Mathematics and Physics
2014-2020

University of Johannesburg

Diploma in Business Information Technology
2023-Present
